Freda Robinson
Beit Knesset

BEIT KNESSET C A M P A I G N

PHASE I

For 80 summers, **Camp Moshava Wild Rose** has been instilling in its campers and staff from all over the world, a love of Israel, Torah and Avodah/Service through innovative summer programming.

Our Beit Knesset has been the focal point and heart of the Machane (Camp). It is where we convene for daily tefilah, performance art, and attend peulot (activities). Whether it be at Friday night tefilah or Motzei Shabbat Havdalah, the entire Camp comes together in our Beit Knesset and our Jewish spirit ignites. The Beit Knesset is the building that provides us with shelter during inclement weather and an assembly place for Camp wide programming. Unfortunately, the current space cannot meet our growing needs. The time has come to prepare Camp Moshava for the next generation of Jewish leaders. With your help we can renew and renovate our Beit Knesset. Our goal is to enhance and modernize our existing facility while maintaining the traditional feel of Camp. This renovation will allow the entire Machane to congregate together more comfortably.

While many things have changed in Camp over the years, one of the things that has never changed is the sense of family and community. We invite you, as part of our family to help shape our future and honor our past.

Upgrades to the Beit Knesset will include:

- HVAC
- Front Plaza
- Front and Back screened in Porches
- AV System
- Interior renovations
- ADA Compliant elements to accommodate our Yachad program

During Phase I of our capital campaign all money raised above and beyond the Beit Knesset project will go towards funding much needed updates to our facilities. These upgrades will enhance our campers comfort, safety and overall camping experience.

- *Upgraded Exterior Lighting* to improve safety and camper well being
- *Backup Generators* to provide added security and safety in the event of power outages
- *Remodeled Kitchens* with upgraded equipment and facilities to meet the needs of all campers including those with food allergies
- *Ventilation in Cabins* to enhance camper and staff comfort
- *Boys Bathroom on Avodah* to accommodate growing programs
- *Remodeled Arts and Crafts Facility* to enhance the arts programming
- *Updated Beachfront and Dock* to enhance the outdoor lake experiences
- *New Gazebo* to foster community and support programming
- *New Gameroom* with air conditioning to provide an additional fun gathering space and foster comradery amongst the campers
- *Baseball field lights* to enable opportunities of sports at night
